## 200 Still on Strike at Fort Smith

FORT SMITH, Ark. (AP) —  
Sanitation services in Fort  
Smith slowed today as its labor  
troubles continued with 200  
workers defying an order to re-  
turn to work or be fired.  
Hours after the dismissal  
threat took effect, city officials  
said no replacements had yet  
been hired for the discharged  
employees.

An attempt to delay the crisis  
was rejected Thursday.  
Chancellor Warren Kim-  
brough suggested that workers  
return to their jobs and take  
part in a proposed 30-day nego-  
tiation period.

The city's Board of Directors  
approved the idea, as did Sam  
Sexton, a Fort Smith attorney  
representing the workers.

But Mrs. Jeanie Lambie of  
Little Rock, president of Coun-  
cil 38 of the American Federa-  
tion of State, County and Muni-  
cipal Employees AFL-CIO, urged  
workers to turn down Kim-  
brough's suggestion. The work-  
ers did.

Picket lines went up at the  
city dump, city cemetery, cen-  
tral maintenance shop, water  
department offices and street  
sanitation shop.

"City of Fort Smith refuses to  
bargain on wages, hours,  
working conditions," said signs  
carried by pickets.

Terming the situation "un-  
fortunate," City Administrator  
Jack Shelley said all city serv-  
ices were being maintained, ex-  
cept sanitation.

Police were posted at the city  
dump to protect residents who  
wished to dump their garbage or  
trash, city officials reported.  
Shelley said the city was con-  
sidering designating certain lots  
in the city as points where  
garbage and trash could be  
taken.

The dispute flared Wednesday  
when Shelley terminated the  
employment of about 30 sani-  
tation workers. The workers had  
walked out of a meeting of em-  
ployees with Shelley and other  
city officials.

Shelley then issued an order  
demanding that the workers re-  
turn to their jobs by 1 p.m.  
Thursday or be fired, and about  
200 of the city's 250 nonpublic  
safety workers stayed on strike.

The workers demand that the  
city recognize the union as their  
bargaining representative, that  
union representation be allowed  
during contract talks, and that  
the city deduct from workers' pay-  
checks their union dues.

## Fulbright Wants Vigorous War Reaction

By THE ASSOCIATED PRESS  
The United States should "re-  
act with vigor" to the Viet  
Cong rocket attacks on Saigon,  
a U. S. Senate candidate said  
Thursday night.

The statement came from  
Foster Johnson, who opposes  
Sen. J. William Fulbright in his  
bid for renomination.

In a prepared statement,  
Johnson said, "As long as we  
permit the Reds to unleash this  
sort of punishment without re-  
sponding in kind, I feel that the  
United States and the South  
Vietnamese will undoubtedly  
lose ground to Hanoi."

He criticized President John-  
son for standing by his March  
31 order which excluded from  
American bombing raids 78 per  
cent of North Vietnam's terri-  
tory and 90 per cent of the  
North Vietnamese population.

Johnson's statement, indicat-  
ing a determination to press the  
war vigorously, is in contrast  
with Fulbright's own opposition  
to U. S. involvement in the  
Southeast Asian nation.

Calling the rocketing of Sai-  
gon a Communist move to ter-  
rorize the South Vietnamese  
population, Johnson said, "The  
failure of the United States to  
react with some vigor seems to  
be a sign to our Asian allies  
that America may be on the  
verge of throwing in the  
sponge."

He said "our Asian allies feel  
nothing but gloom" over the  
peace talks in Paris, no matter  
how sincere American negotia-  
tors may be in their efforts to  
win a realistic settlement of the  
war.

Fulbright has an open house  
scheduled for the Hotel Marion  
in Little Rock Sunday.

In the area of political com-  
ment, one of the senator's lat-  
est remarks is in the July issue  
of Playboy Magazine. Fulbright  
says in the magazine that the  
United States is failing to win  
the war in Vietnam, both psy-  
chologically and militarily.

On the congressional front,  
Democrat Lee Ward of Jones-  
boro, seeking the party's nomi-  
nation in the 1st District, called

## Runaway Locomotive Goes 98 Miles

KINSLEY, Kan. (AP) — A  
maverick locomotive started by  
a mysterious malfunction took  
off without its engineer and ca-  
reened 98 miles through the  
Kansas countryside Thursday,  
leading a Keystone Kops chase  
by deputies, police and specta-  
tors.

The two-unit diesel Santa Fe  
locomotive, which averaged a  
better than mile-a-minute clip  
during its 84-minute ride, was  
purposely derailed near Kinsley  
to end its unscheduled excu-  
sion.

During its run highway patrol-  
men, sheriff's deputies and po-  
lice raced against time as they  
tried to block crossings ahead of  
the wild runaway that sped  
through nine towns at speeds up  
to 90 miles an hour.

No one was hurt but there  
were several narrow escapes.  
Along the route officers had to  
contend with crowds of sight-  
seers who flocked to the tracks  
for a glimpse of the speeding  
maverick.

The engine nearly hit a  
pedestrian and several automob-  
iles at street crossings.

J. R. Fitzgerald, division su-  
perintendent, promised a thor-  
ough investigation.

It all began about 4 p.m. when  
the locomotive, freshly serviced  
and with its engine idling, quiet-  
ly rolled off a roundhouse spur  
at Hutchinson onto the branch  
line that sweeps along the Ar-  
kansas River.

Apparently something went  
wrong with the "dead man's  
throttle"—designed to prevent  
the unit from moving unless a  
man's hand is applying pressure  
on the lever. Suddenly the train  
started moving.

Picking up speed on its way  
out of Hutchinson, the engine  
nearly hit one pedestrian and  
several automobiles at street  
crossings.

On the western edge of town,  
Harold Crain, a track super-  
visor from division headquarters  
at Newton, was operating a  
torized handcar as he inspected  
the track.

Suddenly he looked up to see  
the locomotive charging at him.  
"I lifted one end of my car off  
the tracks, but I could see there  
wasn't time to finish it, so I just  
stepped back and waved it good-  
bye," Crain said.

He said smoke was boiling off  
the brakes "then the brakes  
burned out and the engine really  
took off." Sparks from the  
scorching brakes ignited grass  
fires for several miles outside  
Hutchinson.

Station agents were alerted  
over the railroad's voice net-  
work and Stanley Stout, the  
Sterling agent, started logging  
the times.

Santa Fe workers sent a  
chase engine in pursuit out of  
Larned, but the wild one had a  
five-minute head start on the  
26-mile run to the connection  
with the main line at Kinsley.  
They knew there wasn't time.

So the Newton dispatcher sent  
the order:  
"Derail it at the Y east of  
Kinsley."

Don Cargill, Kinsley agent,  
relayed the order to George  
Stone, section foreman, who  
threw the switch three-fourths  
of a mile from town.

"The switch headed it into the  
siding," Cargill said. "It was  
going so fast it couldn't make  
the curve. It rolled over on its  
side and tore up some track and  
knocked down some telephone  
poles."

## Second Spot Hopfuls in Nixon Camp

WASHINGTON (AP) — Re-  
publican vice presidential hope-  
fuls are moving into the camp  
of front-running GOP presiden-  
tial contender Richard M. Nixon  
with antiwar Sen. Mark O. Hat-  
field of Oregon the latest re-  
cruit.

Earlier fellow freshman  
Sen. Howard H. Baker Jr. of  
Tennessee had abandoned his  
"favorite son" status and lined  
up his state's 28-vote delegation  
behind Nixon.

Sen. Charles H. Percy, while  
not supporting Nixon directly,  
recently dropped his Illinois fa-  
vorite son status opening the  
way for much of the state's big  
58-vote delegation to back the  
former vice president.

Hatfield, Baker and Percy are  
all considered possible running  
mates if Nixon holds his present  
lead over New York Gov. Nel-  
son A. Rockefeller and captures  
the GOP nomination at Miami  
Beach in August.

Similarly, Govs. E. Roy T. Ag-  
new of Maryland and John A.  
Volpe of Massachusetts have re-  
ceived indications from the Nixon  
forces they are prime vice  
presidential material and are  
leaning more and more toward  
Nixon.

And Texas Sen. John G. Tow-  
er, also considered in the run-  
ning, has been praising Nixon's  
stand on various issues while  
keeping neutral as the favorite  
son head of his state's delega-  
tion.

Although Hatfield delivered  
the nominating speech for Nixon  
in 1960, some reporters at his  
news conference Thursday in-  
dicated surprise at his endorse-  
ment of the former vice presi-  
dent, a firm defender of the U.S.  
stand in Vietnam.

### YOUTH ASKED FOR IT!

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us, it welcomes laughs but won't dodge a serious question with a brush off.

Send your teenage questions to YOUTH ASKED FOR IT, care of Helen Help Us! This newspaper. MY READERS ANSWER THE MAIL

Dear Helen: Often these days a wife tries to justify her affair with another man by saying "My husband doesn't appreciate me — maybe this will make him sit up and take notice that I'm more than an old stick."

Isn't it sad that we can excuse even adultery by putting the blame on the other person? Men do this even more than women, but the working wife office romance is becoming quite common. She finds a man "who understands her" (probably his wife doesn't understand HIM, ha, ha) and off they trot into the sunset. On nothing permanent — neither wants to give up a good home and family. Just some extra-curricular fun to "make us feel like real people again."

Would they allow their own mates the same privileges? How do they think their children feel — for secrets never remain secret?

When a woman calls her husband a stick in the mud and takes a job "for a new interest," you can be pretty sure the husband is getting an "old stick" at home, while the guy at the office gets the turned-on chick. And she deserves to be left out in the cold, by both of them! — YOUNGWIFE WHO KEEPS HER GUY INTERESTED

Dear Helen: I'm going to throw a shocker when I emphatically state that a woman can love two men at the same time. The love from a lover sets you in a world apart. It puts a glow on your cheeks and makes you a fulfilled person, better able to function as a wife and mother. Instead of feeling guilty because you have an extra-marital affair, you should thank God every day, as I do, for this extra bonus.

Why consider a divorce, just because you fall for another guy? You have a good husband, home and children who would suffer from a split-up. Guilt feelings? You're amply caring for both men; They shouldn't complain, though if you're smart, your husband need never know.

I suspect there are many repressed, pay check-collecting wives who will give me static. But how they would secretly love to be in my shoes! I'm healthy because I have the ability to love and enjoy it; and lucky because I have no inhibitions about right or wrong where love is concerned. — REA L VOW MAN

Dear Woman: Granted, a woman can love two men at once, but if she wants this kind of life, she shouldn't marry one of them! Husbands are very strange about wifely unfaithfulness, as you'll discover when yours catches you at it. — H

Dear Helen: You said "Blind and Stupid" was either a living saint or too disinterested to fight for her chaser-husband. Well, I'm no saint, and I fought with everything I had for 30 years but it wasn't until I gave up and stopped caring that my husband reformed and stopped chasing. A year ago during his last affair, I finally asked for a divorce. He cried like a baby and insisted I was the only woman he ever loved. Since then, he has been true, but I've lost all love for

him, I'll stay until our son leaves for college, then I'm leaving. I know a person alone will be lonesome, but it looks wonderful to me, compared to being lonesome with a so-called mate! — SOON FREE

Dear Soon: It won't be all that wonderful, but I can't really blame you. When a womanizer comes home to his wife for keeps, it's often because he's burnt — out sparkler no other woman wants... and he's looking for a nurse. I hope you aren't lonesome long. — H

HOLLYWOOD (AP) — And now the entertainment industry comes face to face with the issue of violence.

The matter has been debated for years, as social critics deplored the outpouring of brutality on theater and home screens. But it took months of rioting in city streets and on college campuses and, finally, two political assassinations to bring the issue squarely before public scrutiny.

President Johnson issued the challenge: "Are the seeds of violence nurtured through the public's airwaves, the screens of neighborhood theaters, the news media and other forms of communication that reach the family and our young?"

The President posed this question at the convening of his new commission on violence, formed after the slaying of Sen. Robert F. Kennedy in Los Angeles. He assigned Dr. Milton S. Eisenhower to head the 10-member panel, known as the National Commission on the Causes and Prevention of Violence.

The commission might be able to fulfill a mission long recommended by certain responsible leaders: to determine whether portrayed violence induces violent behavior. There are two schools of thought on this matter:

1. Some argue that by viewing dramatized violence, human beings get rid of their repressed emotions. This theory was expressed by Aristotle, who declared that art could function as a catharsis so that tragedy "through pity and fear, effects the proper purgation" of destructive emotions.

2. Others believe that repeated exposure of impressionable minds to sadistic and criminal behavior on the screen is bound to result in imitative action.

The latter concern was considerably increased with the advent of television. Nowadays youngsters are exposed to dramatized violence before they are even able to talk or to read. Many social observers have viewed with special alarm the Saturday morning shows aimed at the very young audience. The shows are almost totally cartoons, and the majority of them are of a violent nature, either on

women, using devices ranging from twigs to segments of insulated power cable to wire coat hangers, said Wilson was the most nearly precise in his use of a peach tree twig to chart the course of a river which runs inside Marvel Cave, deep beneath Silver Dollar City.

Wilson said he has been dowsing for about 25 years and he says just anybody can't do it.

"You've got to have a few brains and faith," Wilson said. "If you don't believe in it, you can't do it. I know it will work."

Wilson said he has found water for "quite a few people" and his favorite dowser is a peach tree twig.

Some persons have attempted to use the divining rod to find metals and other objects, but Wilson said he always has looked for water. Three other Arkansians, working as a team, won second place in the contest. On the team were Sherman Parker, 58, who used dogwood and hickory twigs for his dowsing operations; his son, Barnes, 16, who used a hickory fork; and C. C. Barnes, 68, whose divining instrument was a red oak twig. All are from Harrison.

## Television and Radio

NEW YORK (AP) — "The Goldfishers" is a variety concoction which is supposed to mind the NBC store for a few weeks while the owner of the hour, Dean Martin, has a vacation. It probably sounded like a better idea in the preshooting conferences than it seemed in the premiere.

It is basically a combination of 1968 youth in the costumes of the depression thirties and singing the old songs with a modern beat.

That mixture, presumably would catch the whole audience — the kids because Joey Heatherton and Frank Sinatra Jr. are starring, and the older crowd because it will remind them of the good old days.

The result was a rather incongruous mish-mash of amusing musical moments, one of those inescapable spoofs of "Bonnie and Clyde," some production numbers, a bit of comedy and, of course, sketches. Somehow the stars, Miss Heatherton and Sinatra, got lost in the shuffle and when they appeared, it seemed they were guest performers.

A pair of real pros, both mature performers, dominated the hour: Paul Lynde and Barbara Heller and they had a big assist from a fresh young standup comic, Stu Gilliam.

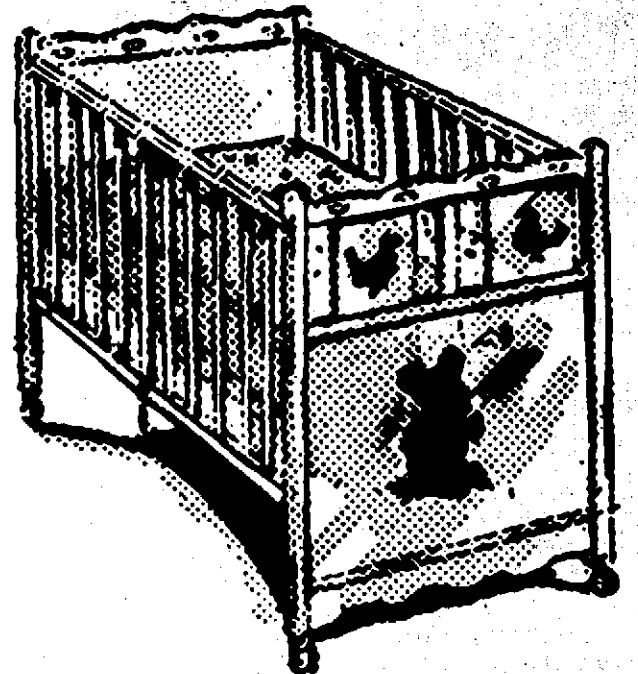

While Sinatra and Joey were just dandy singing songs like "My Heart Belongs to Daddy" and "Exactly Like You," it was the authoritative Lynde and Miss Heller who moved in and saved the day in the sketches.

ABC withheld any statement pending the return of television chief Elton Rule from England, but the network declared it is studying the subject of violence "as a matter of concern."

Speaking by telephone from his Washington headquarters, Jack Valenti, president of the Motion Picture Association, said the film industry would cooperate wholeheartedly with the commission.

## St. Louis Blanks the Cubs 1-0

By HERSCHEL NISSENSEN  
Associated Press Sports Writer  
Lippy Leo Durocher is almost as silent these days as the bats this Chicago Cubs are using. But Bob Gibson is letting his "strong right arm" do the talking.

It was just like old times for Durocher as Gibson and the St. Louis Cardinals blanked Chicago 1-0 Thursday—but they're times the Cub manager would rather forget.

For the Cubs, it was their fourth straight shutout defeat, tying a major league record. And their string of 46 consecutive scoreless innings broke the National League mark of 45 set by Cincinnati in 1931 and is two short of the major league record of 48 by the 1906 Philadelphia Athletics.

For Gibson, it was his fourth shutout in a row and ran his scoreless streak to 38 innings. Don Drysdale of Los Angeles recently set all-time records of six straight shutouts and 58 2-3 scoreless innings.

Elsewhere in the National League, Atlanta tripped Cincinnati 3-1, Philadelphia edged San Francisco 2-1, Pittsburgh trounced Los Angeles 7-3 in the opener of a two-night doubleheader but lost the nightcap 3-2.

In 10 innings, and the New York Mets turned back Houston 5-3.

In the only American League games, Detroit whipped Boston 5-1 and the Chicago White Sox "walloped" Cleveland 8-4.

When the 1931 Cincinnati Reds went 45 innings without a run, they had a good field, no-hit shortstop named—you guessed it—Leo Durocher, who batted .417 that season. The Lip returned to the scene of the crime Thursday night as the Cubs flew to Cincinnati for a weekend series.

Lou Brock gave Gibson the only run he needed when he tripled with two out in the fourth off Ferguson Jenkins, 6-8, and scored on a single by Curt Flood for a 1-0 lead in the 23rd game.

Milt Pappas, traded from the Reds to the Braves two weeks ago, pitched 5 2-3 innings in picking up his first victory for Atlanta, and his former Cincinnati teammates were the victims. Pappas allowed seven hits before leaving the game with a pulled side muscle.

The right-hander also contributed a key bunt single and scored the final run as the Braves broke a tie with two runs in the fifth.

A wild pitch by San Francisco's Ray Sadecki helped Philadelphia to a pair of first-inning runs and Rick Wise made them stand up by pitching a six-hitter as the Phillies nipped the Giants.

Cookie Rojas, who doubled, was on third and Richie Allen on first with an intentional pass when Sadecki uncorked his wild pitch. Rojas scored and Allen came home a few minutes later on Tony Taylor's single.

Steve Blass hurled no-hit ball for 6 2-3 innings as the Pirates won their opener from the Dodgers behind a 13-hit attack. Blass retired the first 15 batters before walking Paul Popovich. The first hit was Tom Haller's two-out double in the seventh.

But Pittsburgh's nine-game winning streak came to an end in the nightcap when pinch hitter Jim Frazier belted his first major league homer with two out in the 10th inning.

Tom Seaver struck out 12 and touched off two rallies with an infield single and a lost-in-the-run double as the Mets beat Houston. Cleon Jones drove in four runs with a three-inning sacrifice fly and a three-run homer in the fifth off Larry Dierker. Art Shamsky also homered for the Mets.

## Indians Didn't Wait Long Enough

By MIKE BRYSON

Associated Press Sports Writer  
Cleveland waited hopelessly for a couple of months for Leon Wagner to hit a homer before dealing him off to Chicago for Russ Snyder a week ago.

The Indians didn't wait long enough.

Wagner's first round-tripper of the season Wednesday night ignited a six-run uprising that boosted the White Sox from behind and to an 8-4 conquest of his old mates.

Meanwhile, Denny McLain used a long-dormant pitch to baffled Boston with a dandy three-hitter and Mickey Stanley drove in four runs in propelling Detroit to a 5-1 victory and an 8 1/2 game lead in the American League—the Tigers' biggest margin this season.

All other American League teams were idle.

In National League activity, St. Louis blanked Chicago 1-0, Philadelphia edged San Francisco 2-1, New York stopped Houston 5-3, Atlanta defeated Cincinnati 3-1 and Los Angeles nipped Pittsburgh 3-2 after dropping the opener of a doubleheader 7-3.

"Man, that was a good feeling, having my first big day of the season, and it was the first installment on my White Sox pay check," said Wagner of the two-run shot into the right field stands.

It was the 211th of his major league career, but his first since late last summer.

A run-scoring single by Tommy Davis, Ken Berry's RBI double and a two-run double by pitcher Tommy John, who chalked up his sixth straight without a loss, capped the outburst that shoved the Indians from second to fourth place in the torrid battle for the runner-up spot.

Baltimore, Minnesota and Cleveland—all 8 1/2 games out—are separated by only two percentage points.

McLain, first American League pitcher to win 12 games this season, relied on a "sidearm fastball" he hasn't used for years to tame the Red Sox for 6 2-3 innings before George Scott and Elston Howard came up with consecutive singles.

The 5-foot-11, 185-pounder, who has lost only twice, said he stopped using the pitch three seasons ago after a pulled bicep muscle in his right arm bothered him when he threw it.

"It's no miracle pitch," said McLain, "but these guys haven't seen it for three years."

**Travelers Snap Streak by Memphis**

MEMPHIS, Tenn. (AP) — Arkansas snapped Memphis' six-game winning streak by blanking the Blues 3-0 Thursday night in the Texas League.

Phil Knuckles got the Travelers' revenge for a doubleheader shutout by the Blues Wednesday with a four hitter.

He held the heavy end of the Memphis batting order helpless with a quick moving fastball.

Arkansas scored twice in the fourth inning with singles by Billy Wolff and Cary Stone around a walk and wild pitch. The third run came in the next inning on successive singles by Jerry Devanion and Boots Day.

The Travelers got to starter and loser Steve Renko for four hits and all the runs. They left eight stranded.

In other Texas League action, Albuquerque beat El Paso 8-7, Shreveport edged Dallas-Fort Worth 5-4 and San Antonio dumped Amarillo 9-5.

## Track Critics in Senate Back Down

By JAMES R. POLK

Associated Press Sports Writer  
WASHINGTON (AP) — Senate track critics have backed down on their threat to force the nation's colleges to bow to Amateur Athletic Union control of track meets.

Instead, the Senate Commerce Committee suggested Thursday that a new super group be created to govern amateur track in the United States.

But it passed the baton to another committee so far unconcerned with the long feud between the colleges and the AAU, making it almost certain that Congress will not take any action in the few busy working weeks it has left this year.

The colleges have declared a truce in the track war until after the Olympic Games in Mexico City Oct. 12-27. But the U.S. Track and Field Federation already has signalled that it will resume running its own meets after Nov. 1 in defiance of the AAU.

The USTFF and its powerful parent, the National Collegiate Athletic Union, turned down a Senate-nurtured compromise settlement earlier this year that would have left the AAU with supremacy in setting the standards for track meets.

Sen. Warren G. Magnuson, D-Wash., chairman of the Senate Commerce Committee, threatened immediately to write the suggested settlement into law and force the colleges to accept it.

Although Magnuson had aides prepare a bill to do just that, the measure has never been introduced, and Senators on the committee lined up at a closed session Thursday in favor of the super group instead.

Magnuson's committee went on record urging the Senate Judiciary Committee to approve a pending resolution by Sen. James B. Pearson, R-Kan., to create an 11-member governing board including representatives of the AAU, the colleges and other track factions.

The USTFF would be happy with this, and said so two months ago when it turned down the original compromise. The super group would recognize the colleges' voice in track matters and break the stranglehold of the AAU as sole authority over amateur track.

**Fishing Derby Underway at Nashville**

NASHVILLE, ARKANSAS (Special) — The 1968 Southwest Arkansas Fishing Derby's first week ended at midnight Friday, June 14th, with prize winners in each of three classes — Bass, Crappie and Bream.

Archie Moore of New Hope checked in the biggest bass to win a 2-burner camp stove and Coleman lantern. He caught a 3 1/2 pound bass at Lake Narrows on June 9th. The fish was certified at the Star of the West store by L. R. Flemens.

The top crappie for the first week was caught by J. H. Clemons of New Hope. His catch weighed two pounds and one ounce and was caught at Lake Narrows on June 12th. Clemons fish was weighed and certified by L. R. Flemens at the Self Creek station. Clemons won a Zebco reel and 2-piece rod.

Bill Lamb of Nashville brought in the biggest bream, which weighed 12 1/2 ounces and was caught on June 11th from the Millwood Reservoir. The fish weight was certified by Bill McKunkins of Bill & Homer's store near Saratoga. Lamb won a Martin fly reel and a True Temper Rod.

The Mr. Banker's Bass was not caught during the first week of the contest. The first registered contestant to bring in and enter a bass weighing five pounds or more will receive \$100 in cash prize offered by the banks of Nashville, Murfreesboro and Dierks.

Prizes for the second week, which ends at midnight Friday, June 21st, included:

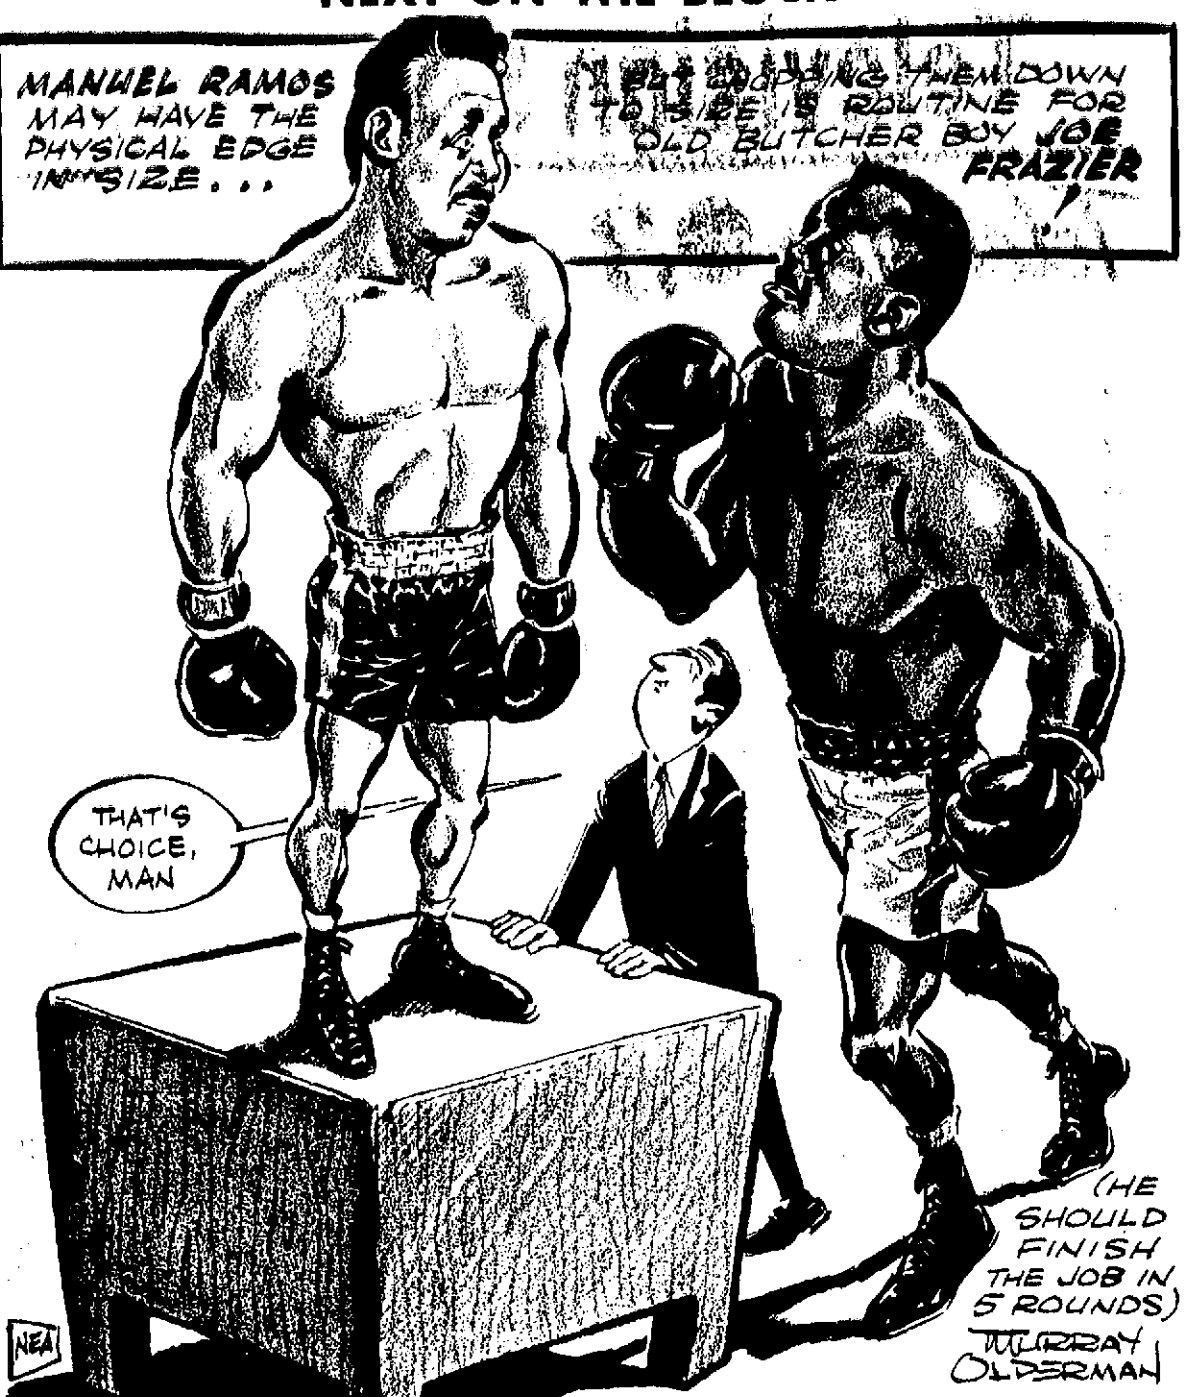

Biggest Bass — Dolly Madison electric ice cream freezer, donated by Buhrman-Pharr Hardware of Texarkana and a grill.

Biggest Crappie-baits, Biggest Bream-baits, rod and reel by Zebco.

Some \$1,000 worth of prizes will be offered to anglers over a 4-week period, ending July 5th, for the biggest weekly catches of bass, crappie & bream.

Contestants must pay their \$1.00 registration fee before getting out onto a river or lake in search of money winning fish. State game laws prevail and fish

## Devlinn and Still Tied at Toronto

TORONTO (AP) — Billy Casper has the gallery at the \$125,000 Canadian Open Golf Championship wondering what will happen when he stops driving for show and starts putting for dough.

Casper, one of the deadliest men around the greens on the U.S. professional golf circuit, took 34 putts in the opening round Thursday and still wound up just two strokes behind the first-round leaders—Bruce Devlinn of Australia and Ken Still of Tacoma, Wash.

Still and Devlinn who admitted they "played with a great deal of luck," carded three-under-par 67s over the 6,792-yard St. George's Golf Club layout.

Casper shot a 69 to tie with five other Americans and Moe Norman of Gifford, Ont., for third place in the 72-hole tournament that carries a \$25,000 first-place prize. The tourney ends Sunday.

"Those greens take a lot of playing after a miss because they're so rollly," said Casper, who is aiming for his third straight tournament victory in Canada.

Tied with Casper and Norman at one-under-par 69s were Tom Welskopf, Lou Graham, R. H. Sikes and Orville Moody. Aaron, Phil Rodgers, Ron Cerrudo and Bob Charles had 70s.

Jack Nicklaus carded a 73, while Gary Player wound up with 74 and Arnold Palmer with 76.

**Cavarretta III, Has to Quit Baseball**

WATERBURY, Conn. (AP) — Phil Cavarretta, manager of the Waterbury Indians, announced Thursday that he is quitting the Eastern League baseball team because of serious illness in his family.

Cavarretta's resignation is effective after Friday's game.

He will be replaced by Ray Mueller, 56, former National League catcher and a Cleveland scout for the last six years.

Cavarretta formerly managed the Chicago Cubs.

**German Champ Succumbs After Fight**

COLOGNE, Germany (AP) — German middleweight champion Jupp Elze is dead and Carlo Duran, Elze's final opponent, is due here to pay him final tribute.

Elze died Thursday, eight days after he collapsed unconscious in the 15th round of his fight for Duran's European middleweight title.

Elze must be caught on rod and reel in public fishing waters, not private stockpounds.

Weekly contests begin Saturday mornings and end Friday nights.

Headquarters are at the Nashville Chamber of Commerce Building, Nashville, Ark.

## Hurley Wins Sudden Death

CINCINNATI (AP) — Denny Hurley, 15, won the Greater Cincinnati Metropolitan Golf Tournament Thursday in a sudden death playoff and became the tourney's youngest champion ever. The youth from Covington, Ky., beat out Jimmy Woods of Cincinnati to capture the 72-hole event.

The Trading Post team dropped an 8-4 decision to Blevins. Chance was the loser and White the winning hurler.

Thursday night the Merchants outscored First National 6-4 behind the hurling of Barham, Sanders was the loser.

In the second game last night Anderson-Frazier blanked the Trading Post 11 to 0. Fincher was the winner and Pruden the loser.

Arizona State golfer Mike Morley finished with a 69 Thursday, his opening nine-hole score of 30 breaking a New Mexico State University course record.

Morley's teammate, Paul Purizer, shot his second straight 68 and stood three strokes behind the front-running Jones.

by PAT THOMPSON  
Associated Press Sports Writer  
LAS CRUCES, N.M. (AP) — "The only good lead is the lead after 72 holes," said Oklahoma State's Grier Jones, as if giving himself an incentive in the NCAA Golf Championships that he is dominating.

He referred to his two-stroke lead after 36 holes entering today's third round on the 71st NCAA tournament and the one-stroke margin Arizona State held over his own Cowboys in

the team race.

Arizona State golfer Mike Morley finished with a 69 Thursday, his opening nine-hole score of 30 breaking a New Mexico State University course record.

Morley's teammate, Paul Purizer, shot his second straight 68 and stood three strokes behind the front-running Jones.

## Pro Scalps Good Going for Amateur

By GEOFFREY MILLER  
Associated Press Sports Writer  
LONDON (AP) — Two professional scalps in a week makes nice going for any amateur in these days of open tennis.

Two amateurs—Clark Graebner of New York City and Tom Okker of The Netherlands—have that score to date in the London Grass Courts Championship at Queen's Club, the last event before next week's Wimbledon.

Graebner knocked out Roy Emerson of Australia 11-9, 6-3 Thursday to reach the semifinals. Earlier in the week he had vanquished another Australian pro, Fred Stolle.

Okker's two professional victims were Nikki Pilic of Yugoslavia and the 1959 Wimbledon champion, Peruvian-born Alex Olmedo of Los Angeles.

One more prized scalp is left

for hunting. That's Australian pro Rod Laver, top seed for this tournament and for Wimbledon. He faced Okker in the semifinals today while Graebner had to play Alexander Metrevel of Russia. The final is scheduled for Saturday.

Thursday's matches were played indoors on wooden courts because of rain. Officials hoped to return to grass courts today if the weather improved.

The day's most gallant loser was Charlie Pasarell of Puerto Rico, who duelled with Laver in a marathon set that went 40 games and lasted two hours. Laver finally won 21-19, 6-2.

## Sikes in Tie for Third at Toronto

TORONTO, Ont. (AP)—R.H. Sikes of Springdale, Ark., fired a 33-36—69 to tie for third place after the first round of the Canadian Open golf tournament Thursday.

## U.S. Girls Going After British Title

PARIS (AP) — America's golfing girls, victorious in the Curtis Cup matches but vanquished in Continental Cup play, now are ready to go after individual glory—the British Amateur.

The U.S. team, who came back to beat Britain for the Curtis Cup last week, failed to duplicate the feat Thursday and lost the Continental Cup to a European team 10½-7½.

The U.S. girls will return to England Friday to prepare for the British Amateur.

The U.S. squad was comprised of Shelley Hamlin of Fresno, Calif.; Mrs. Ann Welts, Mount Vernon, Wash.; Roberta Albers, Temple, Tex.; Phyllis Preuss, Pompano Beach, Fla.; Peggy Conley, Spokane, Wash.; Jean Ashley, Chanute, Kan., and Mary Lou Dill, Deer Park, Tex.

## Cancer Crusade Group

## Cancer Clue Discovered by Research

By RALPH DIGHTON  
DUARTE, Calif. (AP) — A

long-sought clue to how the body recognizes and fights invaders—with potential value in the field of cancer and organ transplants—has been found in research at the City of Hope Medical Center.

Dr. Ryojun Kinoshita, director emeritus of experimental pathology at the center, found the clue in working with macrophages, a type of white cell in the bloodstream.

"We have learned that macrophages trap and analyze disease-causing material invading the body, then send instructions to another type of white cells, the lymphocytes, to multiply and make antibodies specifically designed to destroy the invader," Kinoshita says.

"We now think it may be possible to precondition macrophages to help us in at least two ways. First, we might train them to recognize at least some types of cancer as foreign material, so that lymphocytes would make antibodies to destroy cancer cells. Second, we might also train macrophages not to react to transplanted organs such as hearts and kidneys, in other words, to inhibit the production of antibodies naturally, without the use of radiation or drugs."

Kinoshita, credited with being among the first to show that some industrial materials cause cancer in animals, reported his macrophage work in technical papers recently and then elaborated in an interview.

"Science has wondered for a long time just how our bodies can produce disease-fighting antibodies against such a wide range of foreign materials, or antigens," he said.

"Various researchers have shown that antibodies, which neutralize invading germs, are produced by lymphocytes, but we did not know how lymphocytes were instructed to turn out specific antibodies against specific antigens."

## German Girl Holds Lead in Ladies Play

SUTTON, Mass. (AP)—Germany's Gerda Whalen and Canada's Sandra Post held a one-stroke lead entering the second round of the \$20,000 Ladies PGA Championship today as most of America's foremost golfers attempted to bounce back in malman fashion.

Despite winds gusting to more than 40 miles an hour, Mrs. Whalen, 30, a widowed mother of a young daughter, and pretty Sandra, a resident of Oakville, Ont., fired one-under-par 72s Thursday in the start of the 72-hole tournament at Pleasant Valley Country Club.

The start of the tournament was plagued by medical and legal overtures. Carol Mann, suffering from muscle spasms in the neck and upper back, had to withdraw after 11 holes, while Peggy Wilson and Sandra McClinion required hospital treatment for minor ailments.

Miss Mann, the LPGA's biggest money winner this year, collapsed shortly after picking up and was carried off in a stretcher. She regained consciousness shortly after arrival at a hospital in nearby Worcester and was expected to be discharged today.

In the legal end, Miss Mann, defending champion Kathy Whitworth and Sandra Haynie, 1967 officers of the LPGA, were served summonses on the 10th tee.

The trio, along with the LPGA as a group and four director Leonard Wirtz, are involved in a \$1¼ million suit filed by Beverly Klass, a 10-year-old girl denied permission to play in the 1967 LPGA Championship here.

Despite the service, Miss Haynie equalled par with a 38-35-73, while Miss Whitworth was just one over with 39-35-74.

Those volunteers attending the kick-off meeting Tuesday were: bottom left to right Miss Shirley Ross, Mrs. Robert Lewis, Mrs. Wilhelmina Lowe.

Top left to right: Mrs. Bennett Wood, Mrs. Donal Parker, Mrs. James Laughard, Mrs. Hollis Moses.

Mrs. Bennett Wood, of Hope, will direct the Crusade for Cancer in Hempstead County. It was announced today by Dr. James H. Crowdon, of Little Rock, President of the Arkansas Division of the American Cancer Society.

The Crusade has two purposes — to raise funds to support the Society's Cancer Control Program, and to focus attention on the 7 Warning Signs of Cancer to alert people to recognize them and see a doctor "in time" when one appears. Each family called on will be given a pamphlet listing the Warning Signs.

The Society conducts a statewide service program to provide hospital beds, wheel chairs, surgical dressings and other comfort-giving items for cancer patients being taken care of at home, in addition to its educational program. It also supports the National Research programs at the University of Arkansas Medical Center, which helps make it possible for scientists to continue their search for the cause of and cure for this disease that strikes 3 out of 4 families.

The residential crusade will begin June 23. A volunteer will knock on your door and ask for a contribution in the fight against cancer.

## Gibson Gladly Helped Team Set Record

By CHARLIE BAROUH  
Associated Press Sports Writer  
ST. LOUIS (AP) — Bob Gibson is a kind and generous man and a pitcher who gladly will help a team set a record for not scoring runs.

Gibson, 8-5, fired a five-hitter Thursday and blanked the Chicago Cubs 1-0, stretching his shutout victories to four in a row. It also was the third consecutive shutout by a Cardinal pitcher.

In being blanked, the Cubs set a National League record of 46 consecutive innings without scoring a run. The old record of 45 was set by the Cincinnati Reds in 1931.

"Good, good," Gibson laughed. "I always like to help." Then he banded together with pitchers Nelson Briles and Steve Carlton, who had blanked the Cubs in the two previous games, to be photographed and looked squarely at Larry Jaster, who is to pitch tonight against the Atlanta Braves.

"The first guy to give up a run is baloney," Gibson informed Jaster. Then he turned away and added, "But we had to wait until after the game to say that."

Gibson now has 38 consecutive scoreless innings under his belt, but he isn't thinking about breaking Don Drysdale's newly set National League record of 31-2-3 scoreless innings. At least he's trying not to think about it. "It's not that important to me," Gibson said, "but when people keep talking about it, sure you think about it. But I'll forget about it until I've gone seven innings in the next game, and then I'll think about it."

## Harding Runner to Compete in AAU Meet

SEARCY, Ark. (AP) — Jim Crawford, Harding College's Olympic hopeful, competes this weekend in the National AAU meet in Sacramento, Calif.

"Jim will be running in this meet more for the experience and top competition," said Ted Lloyd, Harding track coach. Crawford, whose specialty is the mile run, has qualified for the Olympic Trials at Los Angeles June 28-29.

# A Closer Walk With God

## Will Lead You Right Straight to Church

Am I ready for the roll call? Am I listed in "Who's Who of America?" Does Dun & Bradstreet have my rating correct?—WHAT IS LIFE? Could I mistakenly think it is just a crashing of the upper "400"? No! Friend, Life is much more than that. IT IS A PERIOD TO MAKE READY... TO GO TO CHURCH... TO ACKNOWLEDGE GOD. Life is a "sheet of paper white, whereon each one of us may write his word or two and then comes night." IS MY NAME WRITTEN THERE?

If your church is to be a going concern, it must have church-going members. Sponsors listed below urge you to attend services this week.

## South Africa Resumes Gold Shipments

CAPE TOWN (AP) — Finance Minister Nicolaas Diederichs announced today that South Africa will resume gold shipments abroad.

He said in a press statement the government has agreed to make available 19 million in gold to the International Monetary Fund for France, and \$23 million to the fund for Britain, resulting in a fall in South African gold reserves held outside the country. The reserves will have to be replenished through resumed gold shipments, the minister said.

Diederichs gave no indication how or when his government would resume overseas selling of its newly mined gold, about 75 per cent of the non-Communist world's output.

South Africa "reserved its right" to act after announcement of the two-tier price system for gold, Diederichs said. Prime Minister Balthazar J. Vorster criticized the two-tier system as a temporary gimmick and appealed for an increase in the official pegged price of \$35 an ounce as the only realistic solution to international monetary problems.

South Africa's gold and foreign exchange reserves are at a record high, and it has no immediate need to sell gold for foreign exchange. But gold comprises 35 per cent of the value of South African exports normally and cannot be stockpiled forever.

## Demotion Is Accepted by Commission

LITTLE ROCK (AP) — The State Police Commission discussed behind closed doors Thursday the recent demotion of Gene Donham from captain to lieutenant in the State Police. The commission accepted the action.

Clark H. "Rusty" Ralston, commission chairman, had pressed State Police Director Ralph Scott for an explanation of the action, which was taken before commissioners were notified of it.

The reason for the action has not been revealed. Donham, who has been transferred from Warren to Fort Smith, has not appealed.

In other action at Thursday's meeting, the commission promoted Capt. Harold Bell, 45, commander of the agency's administrative division, to the rank of acting major.

Li. Wayland Speer of Jonesboro was promoted to captain and assigned as commander of District 2 at Newport, Li. Tommy Goodwin of Springdale was promoted to captain and assigned to command the Warren district.

Speer replaces Maj. W. D. Walker, who recently was promoted to command the state's highway patrol. Goodwin replaces Donham, whose demotion and transfer took place three weeks ago.

## Purcell Fights Drinks Permits

LITTLE ROCK (AP) — Atty. Gen. Joe Purcell says he will file testimony taken out of court in his effort to force the State Alcoholic Beverage Control Board to stop issuing Class 6 permits.

Such permits allow private clubs to dispense mixed drinks. Purcell and the board's attorney, J. W. Barron, were to file remarks on the case before Chancellor John T. Jernigan, but they failed to do so Thursday.

The attorney general said the failure came because he and Barron could not agree on the facts in his suit.

The case began with a ruling by Purcell last month that the dispensing of mixed drinks is illegal under Arkansas law.

## Texas Woman Dies in Wreck

RUSSELLVILLE, Ark. (AP) — Mrs. Nettie Mae Rose, 54, of Dallas, Tex., has been killed in a traffic accident north of Russellville.

Police said her husband, Harvey, was driving their station wagon when it crashed down an embankment of Arkansas 7 about 21 miles north of Russellville Wednesday. Mrs. Rose was a passenger in the vehicle.

### Violence, Crime Hurt Poor March

WASHINGTON (AP) — Violence and crime are hurting the Poor People's Campaign, says a Washington helper, and "if the leaders don't do something soon, this is going to be known as blood city instead of Resurrection City."

Alvin Jackson, 35, quit as chief security marshal for the encampment, complaining that there is no discipline. He said he has tried without success to meet with the Rev. Ralph David Abernathy, the campaign leader, and other officials to plead for a change.

"The reason the population of this city is going down is not mud, poor food, rain or lousy homes," he said. "The reason they leave is that men are getting tired of coming home from a day's picketing to find their belongings stolen or their wife raped."

Grant Wright, acting chief of Park Police, estimates that about 100 assaults and other violent incidents have occurred inside Resurrection City since it was built in mid-May.

At least 20 visitors have been robbed, beaten or stabbed by residents outside the snow fence surrounding the encampment, he said.

But he said the marshals and residents of the camp city generally refuse to cooperate with police officials when incidents occur within the camp. They are dismissed as "internal matters," he said, which police are told do not require their intervention.

## Rep. Feild Named New ALC Chairman

Marion Crank, candidate for governor, resigned today as chairman of the Legislative Audit Council and his successor is Rep. Talbot Feild, Jr. of Hope. Rep. Feild was selected by other council members.

LITTLE ROCK (AP) — State Rep. Talbot Feild Jr. of Hope and State Rep. John E. Miller of Melbourne were reported Thursday to be lining up legislative council support for the job of council chairman.

State Rep. Marion H. Crank of Foreman will step down to seek the Democratic nomination for governor.

Sen. Clarence E. Bell of Parkin, who is vice chairman, could move up, but normally the chairmanship alternatives between members of the House and members of the Senate. The House members may want one of their number to complete Crank's unexpired term.

## They Need No Warning as Every Human Being Is Born Into Danger

By HAL BOYLE  
NEW YORK (AP) — Everyone praises the excitement of life too much and underappreciates the importance of boredom as an escort and companion of longevity.

For the last two generations almost every graduating class of every high school and college in the land has been sternly admonished by every commencement speaker to "live dangerously."

It is as meaningless today to advise people to "live dangerously" as it would be to give them a merit badge for jaywalking. Every human being now is born into danger and his big sweaty-palmed hope is how to get his being away from that disturbing condition.

How can you make your existence more wholesomely boring? Well, for example, you might—Make an interesting collection of nonusable items such as packaged soap from torn down hotels and the timetables of passenger trains that no longer run.

WASHINGTON (AP) — The Senate is expected to swiftly approve a House-passed bill, giving President Johnson his long-sought 10 per cent income tax surcharge.

Johnson has said he will sign the bill, which was in the Senate for action today, although he opposes its provision for a mandatory \$6 billion cut in federal spending.

The House passed the measure Thursday night 268-150. Its key provisions originally were adopted in the Senate 53-35 April 2 as an amendment to a House bill.

Johnson has said spending restrictions may force cutbacks in federal programs he considers already at rock-bottom levels.

The surcharge is retroactive for individuals to April 1 and for corporations to Jan. 1. It is scheduled to expire June 30 next year unless the new administration and Congress decide to extend it.

The increase, to go into effect 15 days after presidential approval, will apply to all individuals except those at the bottom of the scale—single persons with \$1,000 or less of taxable income and couples with \$2,000 or less.

The surcharge, along with other tax provisions in the bill, will bring in an estimated \$15.5 billion in extra revenue to help improve the government's dismal fiscal picture in the next year.

The measure also includes a variety of other provisions retained by Senate-House conferees out of a wide-ranging series of riders tacked onto the legislation in the Senate.

One of the most important of these will put off for a year, to July 1, 1969, the freeze provision on federal matching for aid to families with dependent children included in the 1967 Social Security Act.

Under this provision, the federal government would have limited its aid to the same proportion of a state's children which that state had on the welfare rolls in the first three months of 1968.

Its repeal has been an objective of the Poor People's Campaign. Leaders of the campaign have objected even more strenuously to a compulsory work provision for mothers in the 1967 law, that is not changed in the tax bill.

WASHINGTON (AP) — The Senate passed and sent to President Johnson today the long-debated bill adding a 10 per cent surcharge to individual and corporation income taxes and ordering a \$6 billion federal spending cut.

## Midweek Vote on New Gun Bill Likely

By JOHN CHADWICK

WASHINGTON (AP) — An effort to put more muscle in a bill banning mail order sales of rifles and shotguns is under way in the Senate while in the House the same measure is headed for a possible midweek vote.

"Anything short of registration and licensing will not be effective," said Sen. Joseph D. Tydings, D-Md., after the Senate Judiciary Committee Thursday, put off action on President Johnson's new bill for one week.

"Not a strong gun control measure," was the way Tydings described the bill which at the same time was being approved in the House Judiciary Committee.

## ALC Gets Uniform Pay, Job Plan That Would Cost State \$7 Million

LITTLE ROCK (AP) — The State Administration Department handed to the Legislative Council Thursday a uniform pay and job plan that would add \$7 million a year to state government wage costs, most of it at the lower end of the pay scale.

C. E. "Mike" Frost, SAD consultant, asked the council to adopt the package so the department can start preparing state budgets for 1969-71.

Gov. Winthrop Rockefeller, back from the Southern Governor's Conference in Charleston, S.C., said the plan would provide state officials with information that would be "more meaningful" than facts available previously about state jobs and pay.

The study, initiated three years ago by the council, involved 70 agencies and 12,052 regular employees whose jobs were listed in 744 classifications and 27 pay grades.

Frost said the plan would create a system under which a job, with pay geared to years of experience, would be the same salary regardless of which state agency it is in.

Under the present system, an accountant earns \$416 a month in the Education Department, but can get up to \$650 a month in the Administration Department.

The new plan would set up a pay scale graded from \$508 to \$680, with the step-up depending on years of service in the grade.

Each two years the grades and pay rates would be reviewed with a view toward keeping them in step with the cost of living and trends in certain jobs.

The plan would make state jobholders receive pay that would be about the same as the average for private industry and public employees nationally.

It also would provide uniform vacation and sick leaves and deductions for extra time off.

Harold C. Bennett, director of the Personnel Division, developed the plan with the SAD and Frost. He said the state force totals about 25,000 persons, counting employees in state colleges and universities, but these institutions, and some others, didn't take part in the study.

## U.S. Draft Card Burner Is Released

By MICHAEL GOLDSMITH

SAIGON (AP) — A young American tourist who publicly burned what he said was his draft card in downtown Saigon today to protest the Vietnamese war, was arrested by South Vietnamese police but released a few hours later.

Mark W. Rankin of Annapolis, Md., said he was protesting "the American involvement in Vietnam." Police released him after he was interviewed at Saigon's 1st Precinct police station by U.S. Vice Consul Francis S. Hall. Official sources said Rankin's tourist visa expires in a few days and "will not be renewed."

A small crowd of newsmen gathered around Rankin while he burned a card in front of the monument honoring South Vietnam's marine corps.

Moments later two truckloads of South Vietnamese police, armed with truncheons and loaded grease guns, broke up the group of newsmen and photographers around Rankin and arrested him.

### U.S. Planes Attacked Own Ships

By GEORGE KESPER  
Associated Press Writer

SAIGON (AP) — U.S. sources indicated today that misreading of radar signals may have caused erroneous reports of enemy helicopter sightings around the demilitarized zone and triggered mistaken American attacks on allied warships in the area.

The sources said it was "highly probable" that American planes and artillery fired last weekend on allied ships, which on radar scopes appeared to be low-flying helicopters. A U.S. patrol boat was sunk and an Australian destroyer got 200 holes from American missiles.

The U.S. Command had no further comment today. A spokesman said only that an investigation is still going on and no official comment will be made until it is completed.

The reported sightings of moving aerial lights and radar traces interpreted as enemy helicopters began last Saturday and continued all week. South Vietnamese sources claimed

## Magnolia Gets a New Industry

MAGNOLIA, ARK. (AP) — Columbia County will get a \$7.5 million plant, with construction to start immediately, two firms announced Thursday.

The plant is expected to be completed by mid-1969, the companies said.

Announcing the plant were Great Lakes Chemical Corp. of West Lafayette, Ind., and the Ethyl Corp. of Richmond, Va. They formed a partnership to operate the plant under a new company called Bromet Corp.

The plant will produce bromine and ethylene dibromide for use in filtration systems, the firms said.

The Ethyl Corp. will be major holder in the plant, with Great Lakes to invest \$1.5 million. Great Lakes will build and operate the plant, the announcement said.

Great Lakes has a plant in El Dorado that produces bromine compounds and the new plant, officials said, probably will fill a major portion of Ethyl Corp. needs for bromine chemicals.

## Organization of Teachers Is Visioned

LITTLE ROCK (AP) — The executive director of the Arkansas Education Association said Thursday that "in the not too distant future" teachers will negotiate their contracts at the state, perhaps even the national, level.

Dorrest Rozzell of the AEA predicted teachers' salaries also would rise "to astronomical heights" in a short period of time.

His remarks came at a meeting of the Arkansas County School Supervisors Association. The foreseen wage gains will make teaching an "inviting profession," Rozzell said, but he cautioned that the job may lack prestige if teachers let it become routine.

More money, prestige and job satisfaction could come, he said, if "teachers and administrators . . . see the wisdom of this . . . Lee Feavick has a 79 working around creatively . . . Al Graves an 83 . . . Mitch LaGrone 83 and Bill Hair carded an 84."
